Mr. James Brammell,
2430 E Street
Washington, D.C.

Dear Jim:

I have a rather strange request. Please do not hesitate to say no to it, if it makes you uncomfortable in anyway. The Bureau of Business Research here at the University of Texas is preparing an Atlas of Mexico. We need a good terrain plate to use as a base for our physical maps. Does your cartographic laboratory have a shaded relief plate we could use for this purpose. I realize the nature of my request and promise you that nothing more will be said about this regardless of your reply.

The Atlas will be a non-profit venture. It will be sold at cost. We are trying to make it as attractive as possible. A good terrain plate is the key to this attractiveness.. I will await further word from you. With best regards,

Sincerely,

A handwritten signature in cursive script that reads "Robert K. Holz".

Robert K. Holz
